

Please choose 5 activities a week to complete from the choice board and complete one activity per day. Choose 1 ELA, 1 Math, 1 Science, 1 Social Studies, and 1 Creative Arts. The top two rows, yellow and green, do not require any internet access or technology.

English Language Arts	Math	Science	Social Studies	Creative Arts
<p>Yellow Activity 1: Write a journal entry about a topic of your choice. You can do this activity daily, but do not have to. Share your entry to Microsoft teams, via email, or on Instagram. BONUS: Draw a picture that describes what you wrote about in your journal entry. Share your picture to Microsoft teams, via email, or on Instagram.</p>	<p>Yellow Activity 2: Drill time!!!! Get a timer and give yourself 2 mins to complete as many of these multiplication facts as you can!</p> <p>Write your answers on paper and submit your work.</p> <p>When you are done, have a family member randomly call out facts and quiz you on your multiplication knowledge!</p> 	<p>Yellow Activity 3: Using a paper plate and materials you have around your house make a paper plate marble maze. If you do not have a marble any small ball will work. Use any materials you have (paper, string, cardboard, tape, pipe cleaners, etc.) to create a maze. Share the maze with your family and see who can make it through the fastest. Share a picture of your maze via Teams, Livegrades, email, text, or Instagram.</p>	<p>Yellow Activity 4: Ask your parents or someone else living in your home some questions about the 9/11 terrorist attack and record their answers on a piece of paper or a word document if you have access.</p> <ol style="list-style-type: none"> 1) How old were they when it happened? 2) What do they remember about that day? 3) How did they feel when they first heard of the attack? 4) What do they remember about what happened after the attack? <p>Reflect on their responses and think about how you would have felt at that time and write down some of your thoughts.</p>	<p>Yellow Activity 5:</p>  <p>Chrissy Teigen recently shared this photo of her daughter Luna and the milk carton bunny she created. What can you make out of a milk carton? Grab some materials (scissors, glue, markers, paper, etc.) and make a milk carton character! It does not have to be a bunny - it can be anything you want. Share a photo to the Teams page, via email, Livegrades, text, or Instagram.</p>

			Submit their responses and your reflection via Teams, Livegrades, email, text, or Instagram.	Hint: my character would be someone with a carrot nose that loves warm hugs
<p>Green Activity 1: Read a book, article, short story, etc. for 30 minutes and keep a reading log. Write a short paragraph or make a voice recording discussing what you read. You can complete this activity daily, but do not have to. Share your recording or written response to Microsoft teams, via email, text, or on Instagram.</p>	<p>Green Activity 2: Complete the following worksheet on subtracting fractions with like denominators. Remember that you will only subtract the numerator (top number). The denominator (bottom number) will stay the same. Record your answers on a piece of paper and submit your work.</p> 	<p>Green Activity 3: We love nature walks! There are lots of trees blooming right now. My favorite tree is the Redbud tree that blooms every spring. Do you have any blooming trees or flowers in your yard? Talk a walk and find something that is blooming. It can be a tree or flower. Take a pic or draw a colorful picture of this bloom. Submit a pic, or a pic of your drawing.</p>	<p>Green Activity 4: People all over the world are staying at home during the Coronavirus to help control the spread of this illness. Write a journal entry about things you are doing to maintain social distancing while at home. What are your family members doing to help control the spread of the virus? What things do you miss while being home in quarantine?</p>	<p>Green Activity 5: What is your favorite band, song or style of music? Spend some time today listening to your favorite music. Grab a sibling or video chat a friend and dance to your favorite song!</p> <p>Send us a message, email or text and let us know what your favorite songs are!</p> <p>Ms. Yuhasz and Mrs. Shaw want to get creative and listen to YOUR favorite music!</p>
<p>Blue Activity 1: Read this article to learn some coping strategies during anxiety-inducing times.</p>	<p>Blue Activity 2: Watch the following video on quadrilaterals. You will learn how to identify a quadrilateral. You will also learn the different types of</p>	<p>Blue Activity 3: Watch this National Geographic Video titled Solar Eclipse 101. https://www.youtube.com/watch?v=cxrLRbkOwKs</p>	<p>Blue Activity 4: Visit https://www.cnn.com/cnn10 to watch the CNN10 newscast. Write a short paragraph or make a voice</p>	<p>Blue Activity 5: https://www.youtube.com/watch?v=L_A_HjHZxfI</p> <p>Get your sweat on with this workout video from Mo Jones. Maurice takes you through</p>

<p>https://www.monlit.org/en/texts/self-care</p> <p>Afterward, work through the supporting questions and record your thoughts on a piece of paper, a word document, or a voice recording. Share via email, Teams, Livegrades, text, or Instagram.</p>	<p>quadrilaterals. After watching the video, complete the worksheet below. Write your answers on a piece of paper. Take a pic and send via email, text, teams, remind app, Instagram or Facebook messenger.</p> <p>https://www.youtube.com/watch?v=00W2bU0So-4</p> 	<p>In the video there are 4 types of solar eclipses mentioned: total, partial, annular, and hybrid. Do some further research into the 4 types of eclipses and make a 5 slide PowerPoint (1 title slide and 1 slide for each of the 4 types of eclipse) detailing what you learned. Include pictures or animations that you find while researching. Share the link to your PowerPoint via Teams, Livegrades, text, Instagram, or email.</p>	<p>recording discussing the episode. Share your recording or written response to Microsoft teams, Livegrades, via email, or on Instagram.</p>	<p>a 15-minute workout for kids of all ages, even teens and adults. Share your thoughts on the workout or a photo/video of you working out to the Teams page, Livegrades, via email, text, or Instagram.</p>
<p>Purple Activity 1: Log in to your MobyMax account. Complete a Reading Level Assessment.</p> <p>https://www.mobymax.com/signin</p> <p>Remember the school code is WV811. Your username is your student number and your</p>	<p>Purple Activity 2: Log in to your SumDog account and complete 20 minutes of math activities on your favorite game.
